Ushering into a New Academic Term!

Abdul Azeez—Principal

This newsletter is an effort made by our students under the able supervision of Ms. Shwetha to bring to light the latest news and information of our school.

This issue of 'Khozama Gazette' brings you a potpourri of things put together by the pen-pushing wizards of Al Khozama. The Khozama Gazette will knock at your doorsteps bringing fresh news, happen-

ings in Al Khozama and the hidden talents of our little geniuses.

Dear children, have you ever thought of how to make better use of your TIME? How can you make it fruitful, effective, and memorable? Well, time management is a quintessential skill of the 21st century learning. It is a useful skill that teaches children how to study and complete their work in time, while leaving time for other preferences like fun and play.

To spend your time is to spend your life; to waste your time is to waste your life. So, spend it wisely. There are only as many days in the calendar as you make use of. Always bear in mind – A person gets only a week's value out of a year, while another person gets a full year's value out of a week.

Wishing every one of you good luck as you step onto the threshold of the Second Term!

Message from School Leaders

"I feel proud to be a part of a school that prepares students to face the challenges of the world."

- Sadique K M, Vice Principal (Boys)

"Many people consider education as a medium of living an opulent life. However, real education happens when one thinks and betters society and country at large."

- Sajitha M Suresh, Vice Principal (Girls)

"Education is empowerment—use it to the fullest and conquer your dreams"

- Venugopal Vazhayil, Coordinator

"School plays an integral role not just in academics but to empower students and make them critical thinkers"

- Chrishanthi SenthilKumar, Academic Supervisor

MODEL UNITED NATIONS

The students' MUN organized by Peevees public school & BEST education group was held in Nilambur, Kerala at the Peevees Public School for two consecutive days on the 6th and 7th of August. The conference began with an opening ceremony and keynote addressed by Dr. Shashi Tharoor and PV Abdul Wahab.

Throughout the course of these two days, three assemblies, that is the UNGA, UNSC and UNICEF had its formal course of debates and came to a consensus and recommended a solution for the agenda at hand.

The MUN saw a participation of 123 delegates from 23 schools

from India and the Middle East. The main objective of this MUN was to find a solution to those problems that would require immediate actions and agendas were set with concurrence to these problems with topics such as Conservation of Biodiversity, Global measures to prevent war, and the future schools: preparing children for the 5th industrial revolution.

Apart from the formal discussions, I was able to reap the benefits of this platform that gave me a wider opportunity to socialize with many other people and create strong bonds and memories that will last a lifetime.

Meeting those amazing people, having fun, making really good friendships, and making the most out of those two days was truly a delightful happening.

And finally, I take great pride and pleasure in saying that Al Khozama and Al Wurood has prevailed in the conference and brought back the trophy for the first place this year.

- George Albin, XA1

INVESTITURE CEREMONY

After a hiatus of two years, the annual investiture ceremony of Al Khozama International School (Girls) was conducted on Wednesday, May 18, 2022. The ceremony was conducted in the school sports ground with great pride and zest. The chief guest for the ceremony was Mr. Abdul Azeez, School Principal, Mudeer (boys section) and Mudeera (girls section).

With heads held high and shouldering responsibilities, the young Khozamites marched to embark on a journey of duty and service to their Alma Mater. Donning the

mantle of leadership, the council was sworn in by the chief guest followed by the conferring of badges and sashes.

Welcome address was delivered by the Vice Principal and keynote address rendered by the Chief guest, Principal of Al Khozama International School. The grand day also witnessed the opening of Sports meet by the school principal making the day even more special.

The glorious day culminated with a rendition of national anthem.

TEACHERS'S DAY

After two years of online teacher's day celebration, we got to celebrate that special day with our teachers live on 5th September 2022. It was our first event post the summer vacation. The grade 10 students of AKIS hosted an assembly bringing in various fun programs for the teachers in both boys and girls. The event was held in the 'boys

ground' and 'KG-hall' for boys and girls respectively.

All teachers from kindergarten to the higher grades were present during the event. The assembly began with God's blessings, also constituting the usual assembly protocol followed by a speech and then games to make the day more exciting and memorable.

We had three different games arranged, 'Whisper Challenge', 'Fun Riddles' and 'Nonsense Talks' to keep our teachers entertained. There were surprising gifts for the winners. Later, we had a blast putting songs and it was surprising to see our teachers dance so lively and make the day so much more special.

-Maria Roy, XA

SAUDI NATIONAL DAY

Saudi Arabia celebrated its 91st National Day this year! On this day, in 1932, King Abdul Al-Aziz Ibn Saud renamed the late kingdoms of Nejd and Hejaz to Saudi Arabia by royal decree. The day honours the unification of multiple groups across the Arabian Peninsula coming together under one banner.

The Khozama family celebrated Saudi National day by hosting a special assembly that showcased the culture of the Kingdom. The students in the boys section and girls section meticulously orga-

nized the function with the support of the teachers .

The ever-energetic students show cased their wonderful talents and knowledge about this beautiful country and it's language through art forms, dances, quiz and traditional attire too.

SCIENCE EXPO

The Science Expo, organized by the Department of Science (boys and girls) was conducted on 18th September 2022 at Al khozama International School Dammam. The students of grade 9 and 10 were the participants of the grand day.

The theme of the Expo was "Know your ecosystem and impact of climate change on it".

The expo included stalls showing biodiversity, water treatment plants, global warming and so on. They have presented their project displaying and explaining using charts, models, power points and

working models. Scientific experiments were shown for volcanic eruption.

- Rima Jamshy

HINDI SAPTAH AND LIT FEST

Several activities were conducted as part of Hindi Week celebration and Literary fest organized by the department of Hindi and English respectively.
