

GRADE:6 FIRST TERM EXAMINATION , 2019-20

SUBJECT: ENGLISH WORK SHEET-B

1. Read the passage carefully. Then answer the questions below.

Gorilla is the largest of the great apes. A large male gorilla living in the wild may weigh 204 kilograms. Standing up on its legs, it may be about 6 ft tall. Females usually weigh 91 kilograms and are shorter than males. Gorillas live in the rain forests of Central Africa. They are unaggressive creatures living in family groups led by a big male. Each group wanders in its own home range. During the day gorillas rarely travel much more than one kilometer because the leaves and shoots that they eat are plentiful in the forests where they live. A gorilla's day starts at dawn at about 6 a.m. when the party wakes and searches for food. From about 10 a.m. until 2 p.m. they rest. When the adults rest, younger apes wrestle with each other, play games and swing back and forth on vines. After this, the party travels through the forest again looking for more food until dusk i.e. about 6 p.m. Gorillas are always on the move and never spend more than one night in the same place. They sleep in nests made of branches which they break or bend to make a crude platform either on the ground or in trees. Adult gorillas build their own nests while baby gorillas snuggle in with their mothers. A new nest is made every day. Because of hunting, destruction of rainforests and human wars that affect gorilla habitat, gorillas are now very rare. There are less than 400 gorillas left in the wild

A. Choose the most appropriate answer:

1. A large male gorilla living in the wild may weigh _____ gms.
a. 240 b. 204 c. 420
2. Gorillas live in the rain forests of_____.
a. Central Africa b. Central America c. South Africa
3. Why do gorillas make new nests every day?
a. a. They are large in size b. They never spend more than one night at one place
c. Nests are weak and they last for one night only.
4. Why do you think Gorillas have become rare?

a. Because of hunting b. Due human wars c. Both a and b

5. What do gorillas do from 6 am in the morning till 10 am?

a. rest b. search for food c. make nest

Answer the following:

1. What are the different things that animals convey to other animals of their kind?

2. How do animals react when they sense danger?

2. Read the poem carefully. Then answer the questions below.

The Land Of Nod

By Robert Louis Stevenson

From breakfast on through all the day
At home among my friends I stay,
But every night I go abroad
Afar into the land of Nod.
All by myself I have to go,
With none to tell me what to do—
All alone beside the streams
And up the mountain-sides of dreams.
The strangest things are these for me,
Both things to eat and things to see,
And many frightening sights abroad
Till morning in the land of Nod.
Try as I like to find the way,
I never can get back by day,
Nor can remember plain and clear
The curious music that I hear.

A. Choose the most appropriate answer:

1. The poet stays at home with friends

a. entire day

b. entire night

- c. entire day and night
 2. The poet goes into land of Nod
 a. alone
 c. with family
