

**NEW AL WUROOD INTERNATIONAL SCHOOL, JEDDAH**

**Revision Worksheet (2018 -2019)**

**EVALUATION:3**

**Subject:Science (Block 23,24.25)**

**Date:**

**Class:5**

**Sec:**

**Name-**

**A. Fill in the blanks:**

1. \_\_\_\_\_ is made up of rocks.
2. \_\_\_\_\_ observe the properties of rocks.
3. \_\_\_\_\_, \_\_\_\_\_ and \_\_\_\_\_ are types of rocks.
4. Limestone is made from \_\_\_\_\_
5. Marble is a metamorphic rock made from the sedimentary rock \_\_\_\_\_
6. \_\_\_\_\_ is made up of minerals like Quartz, Feldspar and Mica.
7. \_\_\_\_\_ is used in making glass and electrical things.
8. \_\_\_\_\_ is the earth's natural satellite.
9. \_\_\_\_\_ men have landed on moon so far.
10. \_\_\_\_\_ was the first artificial satellite to be launched into space.
11. The first Indian satellite launched was \_\_\_\_\_
12. \_\_\_\_\_ was the first living thing to go to space.
13. A \_\_\_\_\_ is a machine or vehicle sent to space.
14. In 2003, the space shuttle \_\_\_\_\_ collapsed as it approached the earth.
15. \_\_\_\_\_ was one of the seven crew members who were killed.

16. Volcanoes occur more common in \_\_\_\_\_
17. Due to disturbance in the earth, the Magma rises up and comes out as \_\_\_\_\_
18. The molten magma that flows out is called \_\_\_\_\_
19. The world's largest active volcano is \_\_\_\_\_
20. In the centre of a cyclone there is a calm area called the \_\_\_\_\_

**B. Name the following:**

1. The instrument used to predict a volcanic eruption.

---

2. Name the hurricane which killed 1800 people in the United States in 2005.

---

3. Name the woman who has spent more than 195 days in space.

---

4. Name the aircraft which Neil Armstrong used to land on moon.

---

5. Name a rock which has pores.

---

6. Name the mineral used in making cement and lime.

---

7. Name any one artificial satellite.

---

8. What is the size of the moon?

---

9. Name the first person to go to space.

---

10. Name the wind storm that arise in the pacific ocean.

---

**C.Match the following**

- |                     |                                   |
|---------------------|-----------------------------------|
| 1. Chandrayan 1     | First Indian artificial satellite |
| 2. Rakesh Sharma    | 1957                              |
| 3. craters          | adds nutrients to the soil        |
| 4. Aryabhata        | Atlantic ocean                    |
| 5. Sputnik 1        | Laila                             |
| 6. Hurricane        | First Indian space traveler       |
| 7. Volcano eruption | 2008                              |
| 8. Cyclone          | moon                              |

**D. Answer the following:**

1. What is the pacific ring of fire?

---

---

---

2. Why are some countries like Indonesia more prone to natural disasters?

---

---

3. What is a cyclone? How a cyclone is classified as a cyclone, super cyclone or a severe cyclone?

4. List any 3 uses of rocks and minerals,

5. What is a rock cycle?

6. How is the surface of the moon different from that of the earth?

7. How do artificial satellites help with long distance communication?

8. When does a natural event become a natural disaster? Name the natural disasters which occur from the inside of the earth.
